## **DETAILED ACTION**

### ***Response to Amendment***

The Examiner acknowledges the amending of claims 1-7, 9-16 and 30.

### ***Allowable Subject Matter***

Claims 1-16 and 30-33 are allowed.

The following is an examiner's statement of reasons for allowance:

The Examiner refers to the reasons for allowing claim 8 given in the first office action on the merits. Additionally, US 6011810 was discovered which describes a bulk THz laser device which is taught to be electrically pumped and to use a "combination" of acceptor dopants. This reference failed to teach relationships with the intra-center transitions of these dopants as well as any relationship to the concentrations utilized. Only 1 example was given in which dopants of two differing carrier types were described. The use of 'combinations' of acceptor dopants was not elaborated upon in any manner, thereby not teaching the stated limitations of claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tod T. Van Roy whose telephone number is (571)272-8447. The examiner can normally be reached on M-F.
